Character

You think out things that are original in character. These may take widely diverse forms. You might invent some very ingenious contrivance or evolve a new method. Whatever it is, the world will be taken a step forward on your account. There is no doubt that you set great score on honesty, using the term in its widest sense. You require your friends to be honest in purpose, honest in speech, as well as in money affairs. Your greatest weakness lies in the way you treat others. You cannot tolerate inefficiency and you are apt to consider those who do not see eye to eye with you as being hopelessly beneath contempt. It would not be difficult for you to cultivate a more charitable and tolerant view towards those who are likely to earn your disapproval. At any rate, it is well worth trying. You are a person of considerable action. You are never still. You are always making plans and the thing you can least tolerate is inactivity. You have much self will, and the spirit of independence is firmly planted in you. You resent the interference of others, perhaps more than you should, and freedom is a quality you prize very highly- freedom not only of action but also of thought.

Occupation

You are not particularly well suited to a business or commercial life, since these demand a practical nature which you do not possess. Moreover, many of them entail monotony and routine which would grate very harshly on your artistic temperament. Let it be said that, while you would fail in these directions, there are plenty of occupations in which you ought to do remarkably well. There are many branches in the world of music where you would find congenial work. Literature and the drama may be cited as other suitable outlets for your talents. Generally speaking, you have an aptitude for several of the highest professions. The law and medicine may be instanced. But, while mentioning the latter, it must be admitted that some of the pathetic sights which the doctor sees might shake your finely-balanced temperament.

Health

The length of your life depends more on yourself than on the fates. You have the power to attain a ripe old age. But, if you wish to do so, you must take particular care of your lungs. Seek all the fresh air you can obtain and, without making yourself a faddist, dwell as much as possible under the sky of heaven. Make a practice of regular walking and see that your head is up and your chest open. Colds and coughs should never be neglected, and damp air is highly injurious. As a secondary caution, look to your digestion. Never overload it with foods that are rich and hard to digest. Plain food will serve you best.

|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Tenth house from Lagna, while in the Moon chart Mangal is placed in Fourth house.

Hence Mangal Dosha is not present in Lagna Chart while present in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
