## || Life Predictions ||

### Character

Your outstanding character is that of sympathy, mingled with hospitality. You have a great urge to make others a little happier for having met you. No higher quality could be possessed than this but it is one that may be carried to excess. You spend lot of time and money for the sake of others. Your tastes are of a cultured order and, at heart, you have a love for literary and artistic work of a high grade, though the commercial existence, which you must probably follow, may force them out of sight. Regarding money, you have peculiar views. At times you deny yourself legitimate necessities and at others, you spend somewhat recklessly. You will always give in response to the call of charity. On some occasions, you put yourself to considerable trouble in order to save a few rupees on the price of an article you desire to purchase. Your chief weakness is that you are somewhat easily impressed. In fact, you believe too much of what you hear. Unscrupulous people are quick to notice this defect in you and they are certain to trade it sooner or later. Therefore, be on your guard and avoid being victimised by someone who may come to you in the guise of a friend.

### Happiness And Fulfillment

You are a person who live in fantasy. Hypersensitive, many of you have inferiority complexes, feeling slighted by taking the most unrelated incident as personal insult. It is important that you do not indulge in drugs or alcohol, for this adds to your unclarity. You be honest with yourself and others, and attempt to be as realistic as possible, for you tend toward escapism. Music, colours and nature are very positive in smoothing your overly sensitive being.

### Life Style

You love to communicate, and you are much better motivated to do a good job when others are watching. If you are on stage, you would to a much better job with a large audience than with a small one.

### Career

Look for a career where you can use your abilities to carry out projects in minute detail. These projects must be perfect, and you will not be under pressure to limit the time it takes to complete them. For instance, if you go into interior design, you should have clients who have enough money to spend so that you can do an elegant job.

### Occupation

There are many forms of work that you could take up with entire success. All those occupations that depend, primarily, on passing examinations are within your range, since you are quick to learn and the grind necessary for their success is not a matter that irritates you. Your capacity for detail is valuable in a thousand widely different jobs. You would make an excellent journalist, not a bad detective. As a teacher you would be probably very good whilst your facility for remembering faces would be a valuable asset as a shopkeeper. What panders more to a customer's vanity than to be able to tell him everything that he discussed on his last visit ? You have a wonderful gift for doing this. As has been said, you are not exceptionally good in posts where leadership is required. But you would do well in almost any capacity where decisions have to be made. You are not fitted for the work of a commercial traveller and, generally speaking, the sea does not attract you.

### Health

Above all things, you must avoid overwork and overstrain. You are prone to both and your nature is such that they are particularly harmful to you. Be careful to get sufficient sleep and do not plan things while lying in bed. Try to make your mind a total blank then. If possible, look upon the week-end as a time for complete rest and not one in which to do all the odd things that have been held up during the week. Too much excitement is decidedly bad and a time of hurry and flurry will take more out of you than it will from most people. Therefore, try to live a serene and peaceful life. Do not worry over what cannot be helped. You are apt to suffer from such complaints as insomnia, neuralgia, headaches and eye-strain after the age of 30.

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. ## || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
