Career

You are authoritative and stubborn in your business life. You must be the leader than the follower. Try to look at problems objectively, and do not make decisions just because you are obstinate, as this could be your biggest bottleneck to achieving job happiness and success.

Occupation

You have, above all, a facility for putting thoughts into eloquent words. Thus, you would do admirably as a journalist, a lecturer or even as a traveller salesman. Never would you be at a loss for something to say. This quality would fit you for a teacher also. But, when your impatient moods overtake you, you would fare badly. In almost any occupation requiring quick thinking, you will succeed very well. But, it must not be monotonous work or you will prove an utter failure. You like change and variety, so that any job which takes you up and down the country or to some far-flung outpost, will be suitable for you. You will fare better as your own master than when working for somebody else. You want to come and go when you like and, to be able to do this, you must be your own master.

Health

It would be misleading to say that you are robust. Nevertheless, there is no reason why you should not live to an advanced age, with care. There are two things to watch over : they are indigestion and rheumatism. Regarding your indigestion, be careful not to hurry over your meals, and eat them in peaceful surroundings. In addition, see that you take them at regular hours. As regards rheumatism, this need not concern you much as long as you guard against damp air, cold winds, wet feet and so on.

But, such pastimes as walking, rowing, fishing and nature study are more in keeping with your ideals.

Love Matters

You are not a person who ought to go through life in single blessedness and, as a matter of fact, the older you grow, the more you will need a partner to listen to your joys and your sorrows. You set much score on a home of your own, and marriage brings this into being in a manner which you consider more perfect than any other. Your home will be your God. If you are a woman, you will say, when there will be your children because you were never so completely happy until they came. You will marry for love, naturally, but as the years roll on, you will think more and more of your partner, until a time will come when you cannot bear to be separated even for a day or two.

Finance

You will have great ability in making money in all forms of industry, business organisation or in the employment of others. You will always see a way out of any difficulty and be self-reliant and determined in whatever course of action you may decide to follow. You will be a speculator on a large scale in all you undertake. You will treat life more as a game than from a serious standpoint. As a general rule, luck will favour you during the greater part of your life. In relation to finance you need have nothing to fear. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note: Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading this article on Sade Sati. Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also need to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
